

# Oklahoma Tax Credit Program

*(Enacted by the Oklahoma Legislature)*

Oklahoma State Tax Credits are available through qualified capital companies in the state and can work in conjunction with the New Markets Tax Credit Program.

The Oklahoma State Tax Credit program offers a 30% tax credit for investment in a business located in a rural area. Proceeds of investment must be used to make a subordinated loan to, or

investment in, an “Oklahoma small business venture.” Qualified investments must qualify as “small business,” as defined by the Small Business Administration and must need financial assistance to commence or expand a business that provides goods or services. Not all SIC Classifications qualify, so please review the statutes for eligibility.

All properties around Ada qualify for the Oklahoma Tax Credit Program.
